Dear Congressperson Sarbanes,

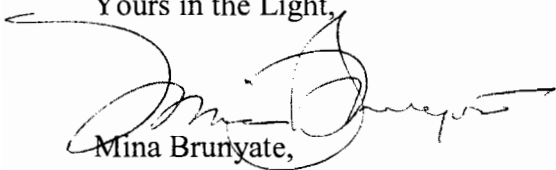

We are writing to you with regard to House Resolutions 799 and 1258.

We are all brothers and sisters, united by that spark of Divine Light which is in each of us. Do you share our anguish over the disrespect for the sacred nature of individuals resulting from the policies of President Bush and Vice President Cheney: torture, imprisonment without legal charges and denial of legal counsel, wiretapping without judicial approval and launching an unprovoked war based on false information?

Members of the Religious Society of Friends at Homewood Meeting in Baltimore unite in beseeching you to find out the extent of these injustices under their leadership by employing the Constitutional recourse of impeachment and other means deemed appropriate.

Please support hearings for both HR 799 and HR 1258.

Yours in the Light,

Mina Brunyate,

Clerk, Homewood Friends Meeting
